Parent Teacher Conferences

If you do not have a year-end parent teacher conference appointment, please call or email to schedule one.

ACAC Lunch

Our final academic reward lunch for this year is Thursday, May 15. We will leave for ACAC at 10:55 a.m. Parents are welcome to join us.

Desi Wok Lunch

On Tuesday, May 13, we will have food from Desi Wok delivered. Students may choose items from the menu, calculate their total bill, and bring the money to school; the orders will be picked up and delivered to us in time for lunch. Copies of the menu are in the classroom and at www.desiwok.net.

Field Trip

The sixth grade class will be going downtown to tour the *Tulsa World* on Thursday, May 8. Through the Newspaper in Education program, these students have enjoyed reading the *World* this semester, and we look forward to learning about the many and varied activities necessary to put a newspaper together and delivered to us. Before returning to school, we will stop at Arby's for lunch, so students need to bring money.

Reading with Primary 1

Last week we visited the Primary 1 classroom where the kindergarteners shared stories they had written and illustrated this year. Sixth graders moved from table to table as the young authors practiced reading their books. It was fun to meet some of the students we often pass in the hall.

Baroque

This week is *SAILs* week, so most of the language arts, social studies, and math lessons will center on the Baroque time period. Each student is researching a person who made contributions in science, art, math, music, or literature, and this information will be used to create a presentation for the school *SAILs* assembly on Thursday.

Summer Reading

Reading helps build both reading and writing skills in students. Encourage your child to include reading in his or her summer schedule. The seventh grade language arts teacher, Mrs. Abercrombie, will be giving a summer assignment to this class which will be due on the first day of the fall semester.

Thank You
