

Primary 1 Newsletter

Dr. Hollingsworth

May 8, 2008

It has been a great pleasure to have your students this year. They are delightful, and we will miss them. We have already told Mrs. Sudduth what a wonderful group they are. Thank you for all the help you have given to make this year so successful.

SAILS WEEK

The week of May 5–9 is designated as *SAILS* Week. This is a time when all the classes from Primary 2 through 8th grade focus on a particular time period to study in depth. Primary 1 does an overview throughout the year of all the time periods from ancient Egypt through Romanticism. We are currently on the Neoclassical period and next week will study Romanticism. We will contrast the reserved Neoclassical time with the much more exuberant Romantic time period.

INDIVIDUAL SAILS PORTFOLIOS

In addition to a *SAILS* workbook, our students are working on creating their own *SAILS* art portfolio. We have created drawings of the Egyptians, Greeks, Romans, and the Neoclassical period.

SAILS PRESENTATION

On Thursday, May 8, at 1:30 in the gym, students will perform very short skits about the time period that their class is studying. Primary 1 students open the show with the Time Period Chant. You are invited to attend.

PHILBROOK - MAY 9

The Kobos family has arranged for Primary 1 to have lunch and a tour of Philbrook on Friday, May 9. Students will ride the bus, and parents are welcome to join us at Philbrook. We are looking forward to this exciting field trip.

LAST WEEK OF SCHOOL

- May 15 - 6:30 p.m. - Kumon Ceremony - ACAC
